

PANDORO

BY EVE

PANDORO

Glass & Travertine in harmony

The latest glass lamp design in the "BY EVE" collection is called "PANDORO".

The designers of "PANDORO" took their inspiration from the eponymous traditional Italian cake. The name "PANDORO" actually comes from "Pan d'Oro", the golden bread that is made in Venice.

This very elegant new design is made in mouth-blown glass in

warm brown/gold hues and is available in 3 sizes.

The "PANDORO" series comprises suspension lamps, table lamps and a small wall lamp.

The table lamps all feature very high-quality natural matt travertine stone, which gives these lamps a contemporary and luxurious look and feel.
