Venetian Blinds

The world's most admired
window coverings ———

Luxaflex®

Luxaflex® has been adding style and sophistication to New Zealand windows since the 1950'.

Our design heritage is founded on innovation for today and tomorrow while taking care to celebrate the beauty in the details. To us, form and function are synonymous. Consistently pushing the boundaries, we are proud to be the market-leaders in daylight regulation and solar heat control solutions.
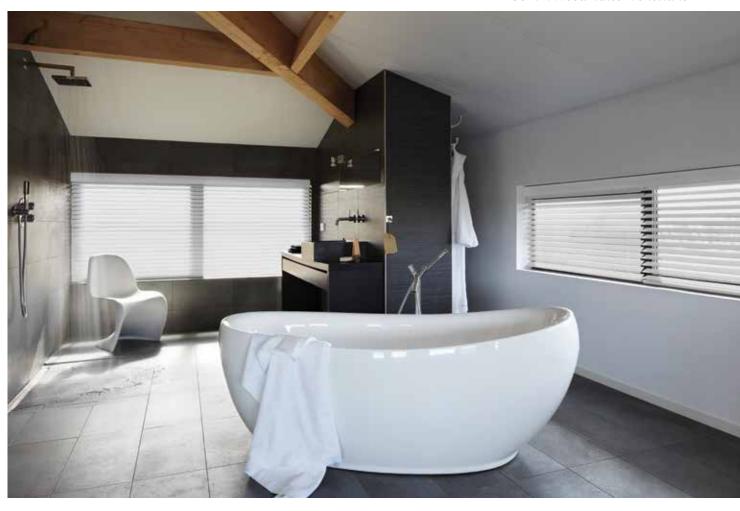

Beauty is in the details

Aluminium Venetians

50mm Woodmates® Venetians

50mm Timber Venetians

Woodmates® Venetians

Luxaflex® Woodmates® Venetian Blinds give you all the visual benefits of natural wood Venetians, but they're better suited to environments that have high humidity, moisture, heat or sun. They're also more cost-effective than wooden blinds and easier to look after.

Highly durable	Woodmates® Venetian Blinds are made from Polyresin, so they will not blister, peel, flake, corrode or fade. Ideal for kitchens and bathrooms, they're also great for kids rooms and play areas.
UV Resistant	While heat and ultraviolet light will eventually damage and fade natural wood, Woodmates® Venetian Blinds maintain their colour and integrity for many, many years.
Cost-effective	High-quality Woodmates® Venetian Blinds cost about 10% less than organic wood Venetians, so your home improvement budget will go a good deal further.
Easy care	Simply dust Woodmates® Venetian Blinds with the vacuum cleaner brush attachment or wipe with a damp cloth. The outside surface material goes all the way through, so it won't wear away.

50mm Woodmates® Venetians

Slat Size

50mm slats
Woodmates® with 50mm slats are available in wood grain effect or a palette of whites and neutrals.
Maximum blind: size: 3.0m².
5.6m2 Tilt Only.
Available in 9 colour finishes.

63mm slats
The larger 63mm slat achieves an improved view through with increased slat spacing.
Maximum blind size: 3.0m².
5.6m2 Tilt Only.
Available in 3 colour finishes.

Operating Systems

Somfy® Automation
Somfy Automation operates on 12 volts using a transformer attached to the mains power supply or external Li-ion battery pack.

50mm Aluminium Venetians

Aluminium Venetians

Simple and stylish, Luxaflex® Aluminium Venetian Blinds provide a timeless design to suit most interior styles. In just seconds you can effortlessly control light and shade, ventilation and privacy. Manufactured from up to 97% recycled material, Luxaflex® Aluminium Venetian Blinds are an Eco-friendly light control solution.

Child safety

The Luxaflex® Aluminium Venetian Blind range is available with a unique stylish BreakThruCord Connector which is designed to break apart should weight or pressure be applied.

Easy care

Caring for your Aluminium Venetian Blinds is easy. Simply close the slats and then dust them with a feather duster, soft-haired brush or soft cloth. If stains are stubborn, it is best to clean them with a damp cloth. You can also use a vacuum cleaner at the lowest setting. Another option is to gently spray-clean larger surfaces and then allow them to dry well. Having your blinds cleaned by a professional cleaning service is always an option.

Specialty shapes

Aluminium Venetians can be made to fit angled windows with sloping top and sloping bottom options available in both 25mm and 50mm slats.

In-between glass

Luxaflex® Aluminium Venetian Blinds can fit between the glass panels of some double glazed windows. Providing superior energy efficiency, blinds can be adjusted with a Tilt Control Knob or Remote Control.

25mm Aluminium Venetians

Slat size

25mm Limited Edition Series II
Simple and stylish, providing a timeless design, in just seconds you can effortlessly control light and shade, ventilation and privacy.

25mm Slimline
The premium slimline slat allows for a better bounce back & less chance of bent slats. Special paint coatings keep your Venetians looking beautiful for years to come.

50mm Classic
Providing either a classic or contemporary look, the bigger slat provides more view-through and a less cluttered look on the window.

Operating Systems

Somfy® Automation
25mm Aluminium Venetian only - Somfy Automation operates on 12 volts using a transformer attached to the mains power supply or external Li-ion battery pack.

50mm Timber Venetians

Timber Venetians

Luxaflex® Timber Venetian Blinds are the real thing. All timber is sourced from plantation grown resource, no native forestry is impacted. Natural wooden slats crafted into premium window shades. Whether your architecture is contemporary or traditional, Wooden Venetians give your home a relaxed ambience that never goes out of date.

Premium timber	Selected for its subtle grain that avoids the vast variations often found in cedar, basswood timber is selected from premium mills, crafted then stained or painted. Only plantation grown timber is used for Timber Venetians.
Special shapes	Luxaflex® Timber Venetian Blinds can be made to fit windows and doors that are unusually shaped, for example, windows with a Sloping Top (max slope 45° – limited lift) or a sloping bottom (tilt only).
Easy care	Every week simply dust timber Venetians with a feather duster or use the vacuum cleaner brush attachment. Professional cleaning is recommended annually.
Highly durable	Lacquered timber finishes have been UV tested, achieving little change in colour after approximately 5 years. Manually operated products have been cycle tested to ensure longevity.

50mm Timber Venetians

Slat Size

50mm slats
The medium 50mm slat is available in a range of paint and stains that provide a smooth satin finish.

Operating System

Somfy® Automation
Hard-wired automation using a 240V motor integrated within the headrail. Controlled by a Wall Switch or Remote Control. Voice activation via Alexa and Somfy® TaHoma Switch.
