Spinola

SOFA DESIGN BY VF DESIGN STUDIO

Il divano modulare Spinola, della collezione luxury Vittoria Frigerio, ricerca nelle sue linee semplici e pulite una rigorosa perfezione formale che si sposa ai soffici cuscini di seduta e schienale, per un elaborato contrasto di texture e dettagli. La struttura geometrica viene esaltata dai cuscini seduta che proseguono in piccoli cuscini schienali integrati, rifiniti da inserti in pelle con cuciture in contrasto. Il divano Spinola offre un'ampia modularità per soluzioni progettuali inaspettate, fra cui elementi bifacciali e accessori integrati come tavolini rivestiti in pelle con top in marmo, braccioli, o volumi in legno.

Spinola modular sofa, from Vittoria Frigerio luxury collection, seeks in its simple, clean lines a rigorous formal perfection that matches the soft seat and back cushions, for a sophisticated contrast of textures and details. The geometric structure is enhanced by the seat cushions that continue into small integrated back cushions, finished with leather inserts and contrasting stitching. Spinola sofa offers endless modularity for unexpected design solutions, including double-sided elements and integrated accessories, such as leather-covered small tables with marble tops, different armrests, and wooden volumes.

SPINOLA DOUBLE

Gli elementi della collezione permettono l'aggancio degli articoli Seduta, consentendo la realizzazione di composizioni bifacciali. Viste le caratteristiche tecniche degli elementi Seduta, questi non possono essere utilizzati singolarmente, ma solamente in composizioni bifacciali.

The elements of the collection allow the fixing of Seat elements to create double-side compositions. Due to the technical characteristics of the Seat elements, they cannot be used as free-standing, but only in double-sided compositions.

SPINOLA BRACCIOLO / ARMREST

Il modello presenta un'unica tipologia di bracciolo, più basso dello schienale e più corto rispetto alla struttura, per cui, viste le sue caratteristiche tecniche, gli elementi con bracciolo non possono essere utilizzati per la creazione di composizioni ad angolo. Il bracciolo presenta un inserto in pelle, con cuciture tono su tono, che si abbina all'inserto in pelle della struttura dell'elemento.

The model features a single kind of armrest, which is lower than the backrest and shorter than the structure, so that elements with armrests cannot be used to create corner compositions. The armrest features a leather insert, with tone-on-tone sewing, which matches the leather insert of the element structure.
