

Una reinterpretazione delle forme morbide e increspate delle dune sabbiose modellate dal vento. Realizzata in ceramica lavorata a mano con terre naturali ricche di ossidi colorati, Dune trasforma ogni pezzo in una micro-scultura luminosa unica. La collezione comprende due sospensioni e due faretti a soffitto (Ø8 cm e Ø10 cm), dove la corona in ottone scuro si arricchisce nell'incontro con la ceramica artigianale, dando vita a un raffinato equilibrio materico. Un dialogo armonioso tra luce, materia e paesaggio.

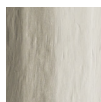

A reinterpretation of the soft, rippled forms of sand dunes shaped by the wind. Crafted from hand-worked ceramic using natural clays rich in colored oxides, Dune transforms each piece into a unique luminous micro-sculpture. The collection includes two pendants and two ceiling spotlights (Ø8 cm and Ø10 cm), where the dark brass crown is enriched by its encounter with artisanal ceramic, creating a refined material balance. A harmonious dialogue between light, matter, and landscape.
